VOLUME 162–FEBRUARY 1989

CONTENTS

page

De Avila, Gerson A., O'Connor, Brian L., Visco, Denise M. and Sisk, T. David. The mechanoreceptor innervation of the human fibular collateral ligament 1

Pal, G. P. Weight transmission through the sacrum in man 9

Warui, C. N. Light microscopic morphometry of the kidneys of fourteen avian species 19

AhPin, P., Ellis, S., Arnott, C. and Kaufman, M. H. Prenatal development and innervation of the circumvallate papilla in the mouse 33

Copray, J. C. V. M., Johnson, P. M., Decker, J. D. and Hall, S. H. Presence of osteonectin/SPARC in mandibular condylar cartilage of the rat 43

Crouse, David A., Perry, Greg A., Murphy, Barbara O. and Sharp, J. Graham. Characteristics of submucosal lymphoid tissue located in the proximal colon of the rat 53

McMenamin, P. G. and Al-Shakarchi, M. J. The effect of various levels of intraocular pressure on the rat aqueous outflow system 67

Krause, William J., Yamada, Junzo and Cutts, J. H. Enteroendocrine cells in the developing opossum small intestine and colon 83

Mayhew, T. M. Stereological studies on rat spinal neurons during postnatal development: estimates of mean perikaryal and nuclear volumes free from assumptions about shape 97

Mughal, Sanjida, Cuschieri, Alfred and Al-Bader, Abdullatif A. Intracellular distribution of Ca^{2+}-Mg^{2+} adenosine triphosphatase (ATPase) in various tissues 111

Trahair, Jeffrey F., Gall, John A. M., Alcorne, Daine, Coghlan, John P., Fernley, Ross, Penschow, Jennifer, Grattage, Lyn P., Johnston, Colin I. and Ryan, Graeme B. Immunohistochemical study of peripolar cells of the sheep 125

Weijs, W. A., Korfage, J. A. M. and Langenbach, G. J. The functional significance of the position of the centre of rotation for jaw opening and closing in the rabbit 133

Thomson, D. A. R. A preliminary investigation into the effect of thyroid hormones on the metamorphic changes in Meckel's cartilage in *Xenopus laevis* 149

YAMADA, J., RICHARDSON, K. C. and WOOLLER, R. D. An immunohistochemical study of gastrointestinal endocrine cells in a nectarivorous marsupial, the honey possum (*Tarsipes rostratus*) 157

DAVIES, TEIFION W. Resting length of the human soleus muscle 169

SCOTT, T. M., ROBINSON, J. and FOOTE, J. The peptidergic innervation of the developing mesenteric vascular bed in the rat 177

COLLINS, PATRICIA. The sulcus medianus organ in the fourth cerebral ventricle of the rabbit: a previously undescribed circumventricular organ 185

PEIRCE, E. J. and BREED, W. G. Light microscopical structure of the excurrent ducts and distribution of spermatozoa in the Australian rodents *Pseudomys australis* and *Notomys alexis* 195

SNYDER, GREGORY K. and COELHO, JOSEPH R. Microvascular development in chick anterior latissimus dorsi following hypertrophy 215

I FERRÉ, JOSEP TOMAS, I BRUNET, ROSA FENOLL, SANTAFÉ, MANEL and MAYAYO, EMILI. Changes in motor nerve terminals during bupivacaine-induced postsynaptic deprivation 225

HILL, P., GOULDING, D., WEBBER, S. E. and WIDDICOMBE, J. G. Blood sinuses in the submucosa of the large airways of the sheep 235

STRINGER, B. M. J., ROWSON, J. and WILLIAMS, E. D. Effect of raised serum prolactin on breast development 249

ABBAS, B., HAYES, T. L., WILSON, D. J. and CARR, K. E. Internal structure of the intestinal villus: morphological and morphometric observations at different levels of the mouse villus 263
